

Scale R/C Aircraft Building Techniques Seminar

January 22, 2011 – 10AM

(Snow date – January 29, 2011)

Featured Guest Speakers

Roy Vaillancourt (Vailly Aviation)

AND Dave Wigley (Mr. Top Gun 2010)

Join the **Mid-Hudson R/C Society** in welcoming two of the hobby's Master Builders & Scale Competitors presenting this Seminar. Whether you like scale modeling for fun or competition you'll have an opportunity to interact with these experienced scale modelers and serious competitors.

Topics up for Discussion:

- ❖ Wood Sheeting
- ❖ Fiberglassing Wood Structures
- ❖ Finishing with Epoxy
- ❖ Panel Lines
- ❖ Rivets
- ❖ Weathering
- ❖ Introduction to Scale Competition & Contestant Considerations
- ❖ And more...

So bring along a camera, note book, or an unfinished subject that you have questions about. The idea here is to have some mid-winter fun with other scale enthusiasts where we can all share the knowledge! This is applicable to all R/C scale aircraft, Military or civilian from any era – no model is too big or small. The Seminar will progress in approximately one hour long segments **starting at 10:00 AM** and continuing into the afternoon. There will be a 1 hour break from 12:00 to 1:00 PM and **no charge for admission!**

Location:

**Poughkeepsie United Methodist Church
Recreation Hall**
2381 New Hackensack Road (RT. 376)
Poughkeepsie, NY 12603
